

## EVARISTE TSHISHIMBI BONDO

Artist musician born in Kinshasa, grew up in Paris France.

Influenced by the soukous rhythms on my early music learning.

After leaving my country for France, later on I became influenced by jazz artists and American Gospel music. Now I am developing my career by playing in various bands and pursuing it with music teaching in various churches and communities. Now in collaboration with the MAV as a youth ambassador I wish to bring concrete added value into MAV.
