

P-UNIQUE

P-UniQue also known as piath mathiang was born in North Sudan and moved here at the age of 5. She was always into music but didn't feel she was good enough. She has used music to express her feelings about the things that affect her and the people around her. Her music is very raw, unique and genuine and she makes you feel every word she raps. Having done plenty of shows around Melbourne at familiar places such as The Evelyn, Section 8 (alongside Sampa The Great), and Ferdurke to name a few. She feels that women are not recognized enough in any field and strives to make her name recognisable.
